

## ACR Fee Schedule<sup>1</sup> – Published January 2013

Account Opening Fee (Project, Transaction, Corporate)	\$500
Annual Account Fee (Project, Transaction, Corporate)	\$500
Listing Fee for projects using California ARB protocols or ARB approved quantification methodologies	\$750
Project eligibility screening and certification fee for projects using ACR methodologies	\$1,000
Screening fee for eligibility of methodology (if not an ACR-approved methodology)	\$2,500
Screening fee for new methodologies and modifications to ACR-approved methodologies <sup>2</sup>	\$5,000
Scientific peer review fee for new methodologies and methodology revisions <sup>3</sup>	TBD
ACR verifier application fee <sup>4</sup>	\$2,000
ACR verifier scope expansion application fee	\$500
Issuance Fee (per offset)	Free
Activation Fee (per offset) <sup>5</sup>	\$0.15
Transaction Fee (per offset) <sup>6</sup>	\$0.02
Cancellation Fee (per offset)	\$0.03
Retirement Fee (per offset)	\$0.02
Retirement Certificate (optional)	\$200
Account Closing Fee	\$150

<sup>1</sup> All fees are in United States dollars and payable per invoice instructions.

<sup>2</sup> Some methodology modifications and all new methodologies, if deemed eligible for ACR, will require scientific peer review at additional fees.

<sup>3</sup> The cost for scientific peer review is determined during the methodology screening based on the complexity of the methodology and resulting time and expertise required for scientific peer review.

<sup>4</sup> Applicable for verification bodies that wish to apply to verify voluntary offset projects for registration on ACR. Not applicable for ARB approved verification bodies to perform offset verification services for projects developed under ARB compliance offset protocols.

<sup>5</sup> Offsets will be issued without charging issuance fees, however, issued offsets will be considered “inactive” and not able to be transacted, retired or cancelled until “activated” by the Account Holder. The activation fee is a one-time fee charged per offset and billed to the project account. Offsets are activated upon receipt of payment.

<sup>6</sup> Billed to transferee
